Laurie,

To the most "concieted brat" of
the Junior class. I know you'll
never change. I'm not going to
put anything really good here because
your mother might read this. So
you better quit smoking and
drinking before I tell your
parents. Sorry but I really had
to put that in just for self
satisfaction. We've had one
hell of a time together and
hope it lasts a while longer. I
ask your mother reads this
"what ever I wrote here is true"

Love

WOODBURY HIGH SCHOOL

Woodbury, Connecticut

DEDICATION

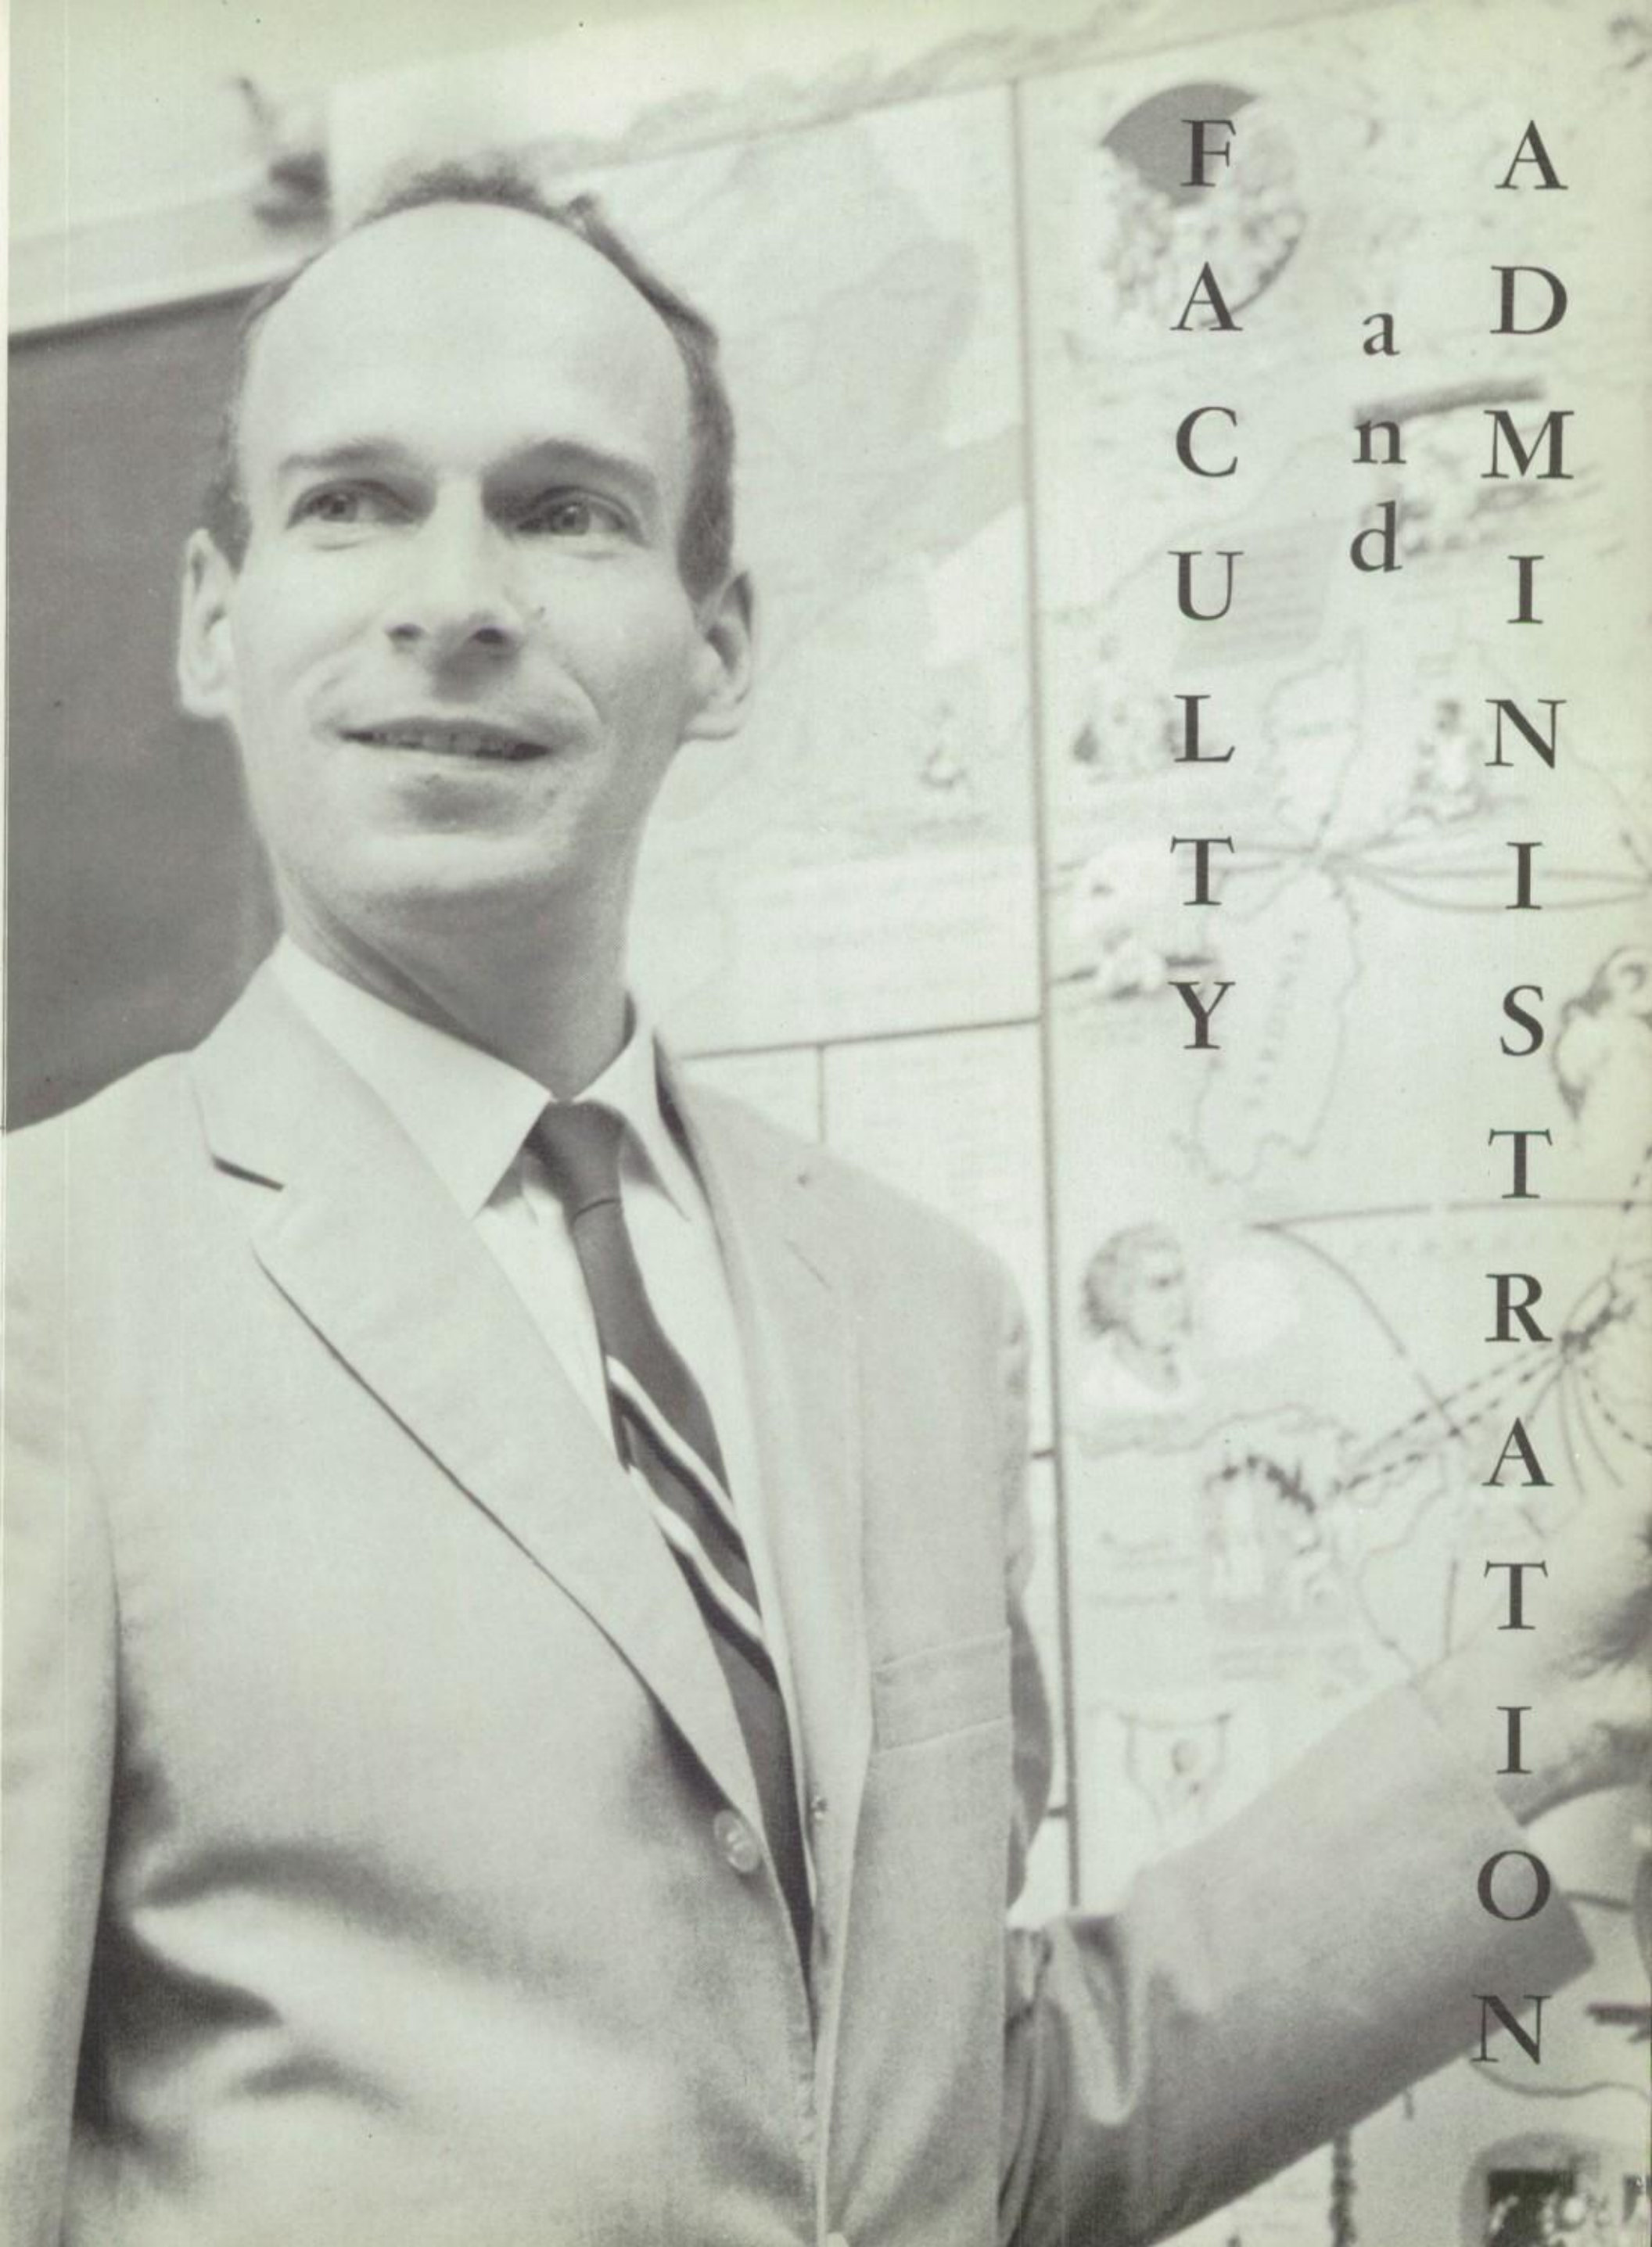

When we entered Woodbury High School as freshmen, we did not realize how much we would need a friend and advisor.

During the next four years of High School one teacher in particular played an important role in filling this need.

She taught the commercial student, advised the Pep Club, coached the Cheerleaders, and gave freely of her vitality and enthusiasm to all.

She has won our respect and admiration. Therefore, to demonstrate our appreciation for her sincere interest in us as young men and women as well as students, we, the Class of 1967, dedicate the 1967 Warrior to Mrs. Gertrude Reardon.

FACULTY AND ADMINISTRATION

Board of Education

Seated: Mrs. Frances Calhoun, Mr. Richard Heyniger (Chairman), Mr. Theodore Martland (Superintendent of Schools), Mrs. Joan Myers (Secretary).

Standing: Mr. Robert Cowles, Mr. Charles Rehkamp, Mr. George Ehrhard, Jr., Mr. Vincent Weber, Mr. James McKean, Mr. Alfred Hill.

TO THE GRADUATING CLASS OF 1967

You are now at that place in your life span where we, who are older, look back upon with most fond memories. You have been provided with educational opportunities which, if you availed yourself of them, are the best Woodbury had to offer. Some of you will use these as the basis for your life activity, while others of you will pursue other educational goals further and further, using your experiences in Woodbury as a steppingstone.

We all are entering together an age where knowledge and information are expanding at a tremendous rate. You will experience an intellectual revolution, the magnitude of which man has never experienced. You will be the educated in an educated society, to quote Drucker: "... Anyone as highly equipped with knowledge, with the ability to learn, with the ability to do—and with income—as is the educated man of educated society, is equipped with so much power as to be a menace, if not a monster, unless he has virtue. He must have high ethical values, strong moral responsibility and a commitment to serve no mean end. He needs spiritual values founded in the knowledge of man's fallibility and mortality, in man's imperfection and man's aloneness, and in the knowledge that freedom is but the responsibility to choose between service to a true and to a false matter."

We wish you Good Luck, Good Fortune and Godspeed.

Sincerely yours,
Theodore H. Martland
Superintendent of Schools

MR. THEODORE MARTLAND
Superintendent of Schools

TO THE CLASS OF 1967

"It was the best times, it was the worst of times, it was the age of wisdom, it was the age of foolishness . . . , it was the spring of hope, it was the winter of despair, we had everything before us, we had nothing before us . . ." Charles Dickens was describing the 1770's in France and England. His words could also describe America as we approach the 1970's.

We live in an age of unrest—changing philosophies, manners, and morals. We live closer together, but feel more apart. Many modern authors speak of the great loneliness in crowds. Contrasts are about us. The dread of nuclear destruction hovers over us, and we are troubled by man's injustice to man. The more we learn, the more we realize there is to learn.

You have completed your first stage of challenge at Woodbury High School. We are confident that your training will spell success in the future.

Sincerely,
Donald W. Saltmarsh
Principal

MR. DONALD W. SALTMARSH
Principal

MR. ALLEN J. SENEY
Guidance Director

Learning never stands still. This has been stated down through the years to you by your parents, teachers, and friends. It is difficult to realize and difficult to understand, for anything to be meaningful, must be seen.

You are leaving one stage of life and entering the next stage. Certain things will be expected of you and will be required of you, but first and foremost will be self-responsibility. Here you must develop your own sense of value and judgement and hope that it contains the maturity necessary for success in whatever you select.

Good luck to you, the Class of 1967, and to each of you individually.

Sincerely,
Allen J. Seney
Guidance Director

Secretaries

Seated: Mrs. Nancy Wright, Business Secretary,

STU GOVERN

Dear Students,

If the purpose of the Student Council be limited to an airing of our desires and views, we have failed. However, if its purpose be extended to include learning the meaning of compromise, rational behavior, and responsibility, we have succeeded. It is now in your hands to continue the work and ideals of the Student Council.

Sincerely,
JoAnne Hardisty

MR. JOHN F. SHINE
Principal

To The Graduates Of The Class Of 1967;

It is a truism to say that the future of this great country belongs to the youth of today. Commencement should not be considered the end, but the beginning of a new life. For graduation is that point in your lives which is a transition from a life of preparation to a life of fuller participation in the responsibilities of society.

Many of you will continue your studies in college; some of you will enter the world of work; and a certain percentage will enter the armed forces. Whichever your path, you will draw on the experiences which your high school days have offered you.

It has been the intention and purpose of our school to offer you a variety of experiences so that as you begin to take your place in society, you may be an exemplar of America and exhibit those qualities which have made America a great country.

Sincerely,
John F. Shine

Kimber sailing all summer and working at the school - or
my mother seeing you driving my Hillman during
soccer season! Too bad my MG came after we
wrote up. (Sorry there isn't enough room for many more
wonderful memories). Without school to see you at
any more I hope I still get to see you -
esp. all summer.

Love forever,

Robby

P.S. - I'll probably never be your boyfriend - but!
I'll always be your baby boy.

Maure,

I didn't know you had any kids! That's
O.K. I'll forgive and forget.

In 8th grade you said "Don't forget me,"
now don't you forget me. We have had
some pretty good times together. I do hope
that you don't scare everyone with your
car again, or terrify people in any
other way. Don't let Dennis get too sketchy
OK you may have two kids instead of
one.

Love,

Maure

Laure,
Thanks for
everything (rides &
etc.) and good luck
with everything. Especially
Dennis. Remember how it
was before you had him. The
way it is for everyone else (almost)
now
Love
Ros

Laure,
To a cute prospective Senior
who is always fun to talk to.
Best wishes in the future.
Hope to see you this summer
and next.
Love ya,
Terry

To The biggest lush

Rolly

Laurie,
Good luck
this summer!!

Lauri,
Do you realize that you're a big
senior now? Can't go around acting
like a dum, drunken junior all the time.
No, seriously you're an honor to our class. (ha, ha)
Stay cool and you might just make it (?).
